

LUBODRIVE™ PRO enhances food safety, sustainability & plant efficiency within your facility

Lubodrive™ Pro is an all-purpose, food-grade wet lubricant for use on multiple conveyor surface types and multiple package formats.

Lubodrive™ Pro helps improve Food Safety & Sustainability

- **Enhances food safety** - NSF H1 certified lubricant, approved for use in food-processing environments where there is the possibility of incidental food contact.
- **No impact on wastewater system** - Anaerobic toxicity testing at 8x the estimated wastewater concentration shows no impact.
- **Hard water tolerant** - Up to 17gpg, without the need to adjust concentration, means no need to soften water.
- **For use with recycled packaging** - Passed the ISBT test method for PET compatibility.

Lubodrive™ Pro helps improve Plant Efficiency

- **Improves line conditions** - Formulation provides cleaning of conveyors lines while running, enhancing line hygiene, and reducing package soiling.
- **Use one product on multiple surfaces** - Product compatibility with all conveyor surface and package types mean less lubricants in the plant and no additional time spent switching out chemistry.
- **Easily convert from other wet lubricants** - Works in similar concentration range to existing wet lubricants and offers a low foaming profile.
- **Flexible pack sizes** - Available in 55 gallon drum, 304 gallon tote, or bulk to meet the specific needs of your plant.

NSF H1 APPROVED WET LUBRICANT

APPROVAL FROM PET MANUFACTURES

Lubodrive™ Pro helps you meet your food safety and sustainability goals.

USE ON MULTIPLE SURFACE TYPES

ALL CONVEYOR SURFACE TYPES

- Plastic
- Stainless steel
- Can transfers
- In-floor chains
- Mixed belts

ALL PACKAGE TYPES

- PET approved
- REF PET
- PC jugs
- Glass
- Cans
- Carton

Lubodrive™ Pro helps you simplify and improve your wet lubricant performance.
