

EVERY SITE. EVERY LINE. EVERY WASH. PINPOINT CRITICAL ISSUES.

Advance your goals - from data points to performance reality.

✓ productivity

✓ risk mitigation

✓ sustainability

✓ product quality

3D TRASAR CIP is now easier to use and delivers even more insights to help you achieve your goals.

The cloud-based digital platform that helps you efficiently handle increasing regulatory pressure, stricter food safety and audit requirements, and a changing workforce.

Now 3D TRASAR CIP provides greater visibility to risk areas and even more actionable information.

Continuing Ecolab's proven heritage of industry-leading innovation and expertise, the new 3D TRASAR CIP delivers more power to minimize risk, stay on top of ever increasing regulatory and food safety pressures and position yourself to meet unpredictable audits with ease.

Responsive dashboards allow everywhere-access to your data.

Gain Operational Visibility

Consolidated view and exception-based reporting wrapped into modern, easy-to-understand dashboards – from any device.

Today's view

Actionable visibility into the quality of every wash
